

Concrete Hoppers

Concrete Hopper - The self-dumping hopper accessory could automatically trigger to both unload and release as the bumper release touches the side of a dumpster. As soon as unloading is finished, the hopper is able to go back to original upright and locked position. This piece of machinery even comes with a cable which allows operation from the seat of the forklift in order to have the option of manually dumping the hopper. There is a locking chain provided to secure the hopper to the tine truck. This product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
